

A TRADING NAME OF SHAYISHE RESOURCES (PRIVATE) LIMITED

SHAYISHE HEALTH & MOBILITY

Mobility, Care, PPE, Laboratory and General Medical Consumables
— Sourced with Integrity, Delivered with Dignity

About Us

Shayishe Health & Mobility is a trading name of **Shayishe Resources (Private) Limited** (Companies Office of Zimbabwe Entity No. 93150A0232026), supplying mobility aids, rehabilitation equipment, care and monitoring devices, personal protective equipment, laboratory supplies and general medical consumables to hospitals, clinics, physiotherapy centres, diagnostic laboratories, care homes, and individuals across Zimbabwe.

As part of the Shayishe Group, Shayishe Health & Mobility applies the same sourcing discipline and quality control the Group has built across FMCG, industrial manufacturing and operational consulting to a single, broader health supply offering — from a wheelchair or shower chair to a box of gloves or a syringe.

We operate through sales, rentals, delivery, installation and one-on-one consultation, helping institutions and individuals find the right equipment for their specific medical and mobility needs.

VISION

To be Zimbabwe's most trusted single-source supplier of health, mobility and care equipment — known for dependable products and genuinely helpful service.

MISSION

To source, quality-assure and deliver mobility, care and medical consumable products reliably and affordably — enabling independence, safety and better care.

Integrity

Transparent sourcing and pricing clients can rely on.

Dignity

Equipment and service that respects the person using it.

Reliability

Consistent stock and dependable delivery, every time.

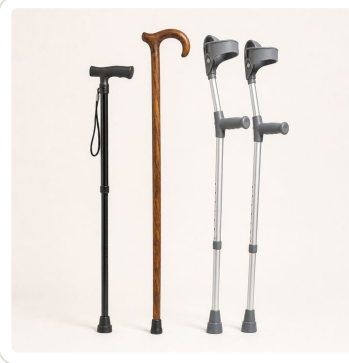

Mobility Aids Regaining independent movement

Equipment to support safe, independent movement at home, in clinic, or across a care facility.

Wheelchairs

Standard and transit models for indoor and outdoor use

Walking Sticks & Crutches

Single-point canes and underarm/forearm crutches

Zimmer Walking Frames

Lightweight standard and folding frames

Walkers With Seat

Wheeled walkers with built-in rest seat

Rotunda / Standing Aids

Transfer and standing support aids

Bathroom & Safety Reducing fall risk where it matters most

Safety-focused equipment for the bathroom and toilet — among the highest-risk areas for falls.

Shower Chairs

Stable, slatted-seat chairs for safe seated bathing

Anti-Slip Shower Mats

Textured-grip mats for wet-floor safety

Commode Chairs

Bedside and over-toilet commode chairs

Toilet Safety & Sit-Riser Frames

Fixed and portable support frames

Daily Living & Handling Everyday dignity, safer caregiving

Equipment that supports everyday tasks and safer manual handling for carers and care recipients alike.

Slide Sheets

Low-friction sheets for safer patient repositioning

Pressure Relief Cushions

Seating and mattress cushions to prevent pressure sores

Feeding Tables

Overbed and freestanding adjustable tables

Eating & Drinking Aids

Ergonomic cups, cutlery and feeding aids

Patient Hoists

Mobile hoists for safe patient transfer

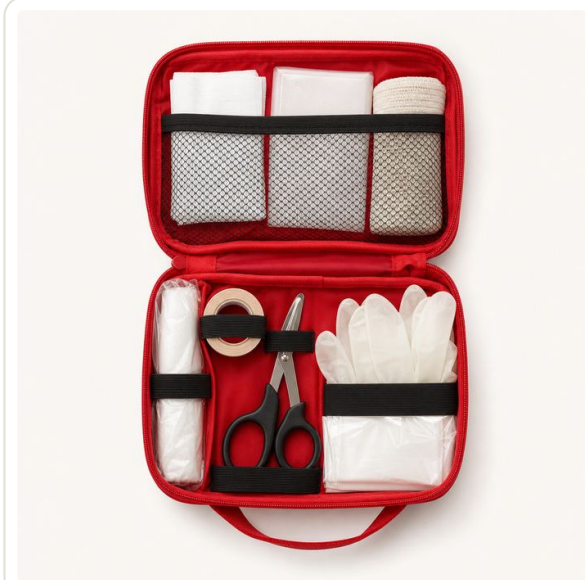

Care & Monitoring Watching over recovery and long-term care

Equipment supporting ongoing care, observation and emergency response.

Monitoring Devices

Blood pressure, pulse and vital-signs monitors

First Aid Equipment

Stocked kits for home, facility and workplace use

Incontinence Pads & Pants

Discreet, quality-checked continence care products

PPE & Infection Control Protecting patients, carers and staff

Personal protective equipment and infection-control consumables for clinical and home-care settings.

Face Masks & KN95 Respirators

Disposable surgical masks and filtering respirators

Disposable Gloves

Nitrile and latex examination gloves

Hairnets & Caps

Disposable mesh caps for clinical hygiene

Gowns & Infection Control Consumables

Disposable gowns, aprons and barrier consumables

General Medical Consumables The everyday essentials wards run on

Core disposables and consumables for wards, theatres, clinics and outreach programmes.

Syringes & Needles

Assorted sizes for injectable therapy

Bandages & Dressings

Crepe bandages, gauze and wound dressings

Fluid Giving Sets & IV Consumables

Giving sets, cannulas and IV therapy items

Feeding Tubes & Urine Bags

Enteral feeding and urinary drainage consumables

Diagnostics & Rapid Tests

HIV, pregnancy and other rapid diagnostic kits

Zinc Oxide & Nebulising Masks

Wound-care ointments and respiratory consumables

Why Choose Shayishe

1

One Supplier, Full Range

Mobility equipment, care products, PPE, laboratory supplies and general consumables from a single, accountable point of contact.

2

Group-Backed Sourcing Discipline

Quality-control practices drawn from the Shayishe Group's FMCG and industrial manufacturing experience.

3

Sales, Rental & Consultation

Flexible outright purchase or short/medium-term rental, with one-on-one guidance to match equipment to need.

4

Delivery & Installation

Coordinated delivery and, where required, on-site installation — home, ward or facility.

5

Reputable, Certified Sourcing

Products sourced from reputable manufacturers and certified medical equipment distributors.

6

Nationwide Reach

Harare-based with coordinated delivery across Zimbabwe and into the wider SADC region.

Who We Serve

Individuals & Families

Elderly and disabled individuals, rehabilitation patients

Healthcare Facilities

Hospitals, clinics, physiotherapy centres and diagnostic laboratories

Institutions

Care homes, local authorities and NGOs
